

Diploma in Home based Care

Are you a registered childminder? Have you completed the ICP?

If so then you could start the rest of the units in September 2008 and by January 2009 you would have a level 3 qualification in home based care (DHC) from Cache. The schedule for this is attached and you can see how often the workshops are and what you would be asked to do. The whole of the course, including assignments, is in your ICP handbook (contact me if you need one or go to my website www.childcare-training.org.uk to download one)

With a DHC you can continue next year to a Foundation degree in early years. Gain valuable qualifications while you work and have the fees funded!

The cost of the course is £550 and £450 of this is paid by the CEYCP (for a bursary contact jen.murray@brighton-hove.gov.uk)

This is a great chance to learn more about childcare, meet other childminders and have your good practice recognised with a high level qualification – this is the same level as a nursery supervisors qualification.

For more information please look at the website or contact Deborah Price on deborahprice.training@ntlworld.com or phone or text on 07974651601
