

HALF-DAY WORKSHOP

Bringing Montessori, Reggio Emilio and Steiner into your group or home day care setting

This workshop is suitable for all early years and play workers and also for childminders.

Date: Saturday 19th July

Time: 10am – 1pm

Venue: Honeycroft Under Fives Centre
Sackville Road, Hove, BN3 3WF

Cost: £20.00

This is a short one off workshop designed to give you information and explore ways in which you can bring the philosophies and practices of three important children's theorists into your setting.

Have you ever wondered what Montessori and Steiner are all about? There are three Montessori settings in Brighton and Hove and one Steiner school. You may already be including some of their work in your practice (in fact I bet you are!) without knowing it. This is a way to extend and improve the activities you do with children and the resources that you use, and include some interesting ideas and theories.

The workshop will be delivered in an interactive and fun way and there will be refreshments and breaks and a chance to meet with each other.

Please book with Deborah Price on deborahprice.training@ntlworld.com or text or phone 07974-651601 or send a note and payment to 35 Hogarth Rd Hove BN3 5RH. Cheques to be payable to 'Childcare Training'

Places limited so please contact me to reserve your space on this workshop
